

FINE VISION

Light Source System

UV Light Series

Applications:

- Sophisticated Electronics and Optical bonding
- Dryer process of painting, Sealing of LCD
- Bond of DVD and many other semi-conductor Manufacturing process

Specifications:

- 100W / 200W / 250W

Halogen Light Series

Applications:

- Microscopes and Video Microscopes
- Industrial Imaging (Machine Vision)
- Inspection Equipment
(Wire Bonders ,Laser Welding)

Specifications:

- 50W / 100W / 150W

Light Guide Series

Material: Glass / Quartz / Liquid / Plastic

Single Light Guide

Dual Light Guide

Ring Light Guide
